Agenda Item 1: Cpt. Tori Boldt reviewed the Sarpy County Sheriff's Monthly Service Report. She reported that the department has seen an increase in thefts of Hyundai and Kia vehicles in Sarpy County, not specifically in Springfield though. Cpt. Boldt also mentioned that the Sarpy County Sheriff's Office has a new Community Engagement Unit that looks forward to being invited to community events. The Sarpy County Sheriff's Department wants to engage with our residents as much as possible and help in any way needed.

Agenda Item 2: Laura Harrison, Grow Sarpy Business and Community Relations Manager, reviewed the 3rd Quarter Report. Harrison reported that Grow Sarpy is still in the process of filling the vacant role of Executive Director and is hoping to have this role filled by the right applicant by January 2024. Sarpy County has two new projects in the Springfield area. Harrison reported that unemployment rates are at 2% meaning we have a very small workforce, and we need this to open up more, so we can keep people in the area and get new projects in our area for growth.

Agenda Item 3: Lana Graham, 590 Cedar Street, requested that the city provide a second new water meter to her at no charge. Graham's water meter stopped reading in March 2021. Andie Ledenbach, Utility Billing Clerk/Assistant City Clerk, reported that Graham was provided a new meter in January 2022. Typically, residents are given a 90-day period to get the new meter installed prior to being charged the \$50 penalty fee for not having an operable meter. Graham informed City Hall that she could not find the meter anywhere at her house but feels like the \$50 fee she has been paying for five months should go towards another new meter. Heath Shemek, Water Operator, was able to pick up a zero read on the lost meter near Graham's house, so city staff knows it is on the property somewhere.

Neitzel said that after talking to Shemek and learning that water meters are still in limited quantity and we still need to supply new ones to new construction homes, he feels that Graham should have to buy a new meter. Craney noted that he also feels Graham should have to buy a new water meter, and if it is not installed in 60 days' time the water be disconnected. If Graham should find the previous meter and it is in working order, we could reimburse her for that meter, but Craney feels that even though Graham has been paying the \$50 fee for a penalty that it is still cheaper than her paying the flat minimum water usage charge plus the \$50 monthly penalty. Herzog feels that this has been going on for a year and a half and that is far too long. Mayor Roseland advised the Council that he thinks Graham should buy a new water meter and, if she finds the other one previously provided and it is in working order, we can reimburse her for the cost. Motion by Herzog, seconded by Craney, to have Graham pay for a new water meter and, if she finds the previously provided water meter and it works correctly, the city will reimburse her for the cost of the new meter; however, the \$50 monthly penalty fee shall not be applied towards the new water meter and the new water meter must be installed within 60 days of receiving it to avoid disconnection of water service. AYES: Neitzel, Herzog, Murtha, Craney. NAYS: None. Motion carried.

Agenda Item 4: Council Member Murtha introduced **Resolution 2023-12** and moved its adoption. Council Member Neitzel seconded the foregoing motion and on roll call on the passage and adoption of said resolution, the following voted YEA: Neitzel, Herzog, Murtha, Craney. The following voted NAY: None. Whereupon the Council President serving as Mayor declared said motion carried and said resolution passed and adopted. Agenda Item 6: Herzog requested that the Council review rebranding materials and consider the use of a new icon and logo. Herzog noted that he does not like the new logo or icon. He noted that Springfield was originally founded as a railroad town, and not the farm community the logo portrays. Herzog is also concerned about how much this will cost the city to redo existing logos we have on many things throughout Springfield. Kathleen Gottsch, City Administrator, said that the Springfield Community Foundation received a grant to help pay for the rebranding project, so the city is not contributing financially towards the marketing services. Gottsch noted that there has been a lot of community discussion and involvement in helping make decisions on this project. Changes to logos on materials and physical property will be made over time and as materials wear out or need replaced. Craney said he likes the new logo and mentioned that the old logo is at least twelve years old, so he feels it is time for something new, and the icon portrayal is correct because we are a city in the middle of cornfields. Craney would like to see the different department names put on city work trucks so if residents have a question, they know who to stop. Mayor Roseland thinks it would be beneficial to have the work trucks numbered as well. Motion by Craney, seconded by Neitzel, to accept the new branding icon and logo. AYES: Neitzel, Murtha, Craney. NAYS: Herzog. Motion carried.
