(Continued on reverse)

Submittal Requirements

To obtain a permit, please submit this completed application along with the following to City Hall:

Two complete sets and one electronic version of building plans, including plumbing, hvac & electrical information, if applicable. Plans must include square footage information for the house, basement, garage, deck, etc.

Two plot plans of the property showing the property lines, the location and square footage of all structures on the property, and the distance from the new structure to all property lines and existing structures.

Signed ResCheck/ComCheck report, if applicable (energy efficiency report required for new construction).

Mechanical/HVAC & plumbing application, if applicable.

See appropriate building permit information handout for specific requirements needed for your project.

Sanitary Improvement District (SID) developer written approval of building plans.

***Commercial and Multi-Family Dwelling/Apartment Building Permit Applications:** The applicant is responsible for obtaining proper permits from the Nebraska Electrical Division and Nebraska State Fire Marshal.

Any construction in the City of Springfield must meet front, side, street-side and rear yard set-back requirements. These setback requirements differ by zoning district.

Please contact City Hall for additional information on permit requirements concerning other types of construction projects, including, but not limited to, curb cuts, roof replacement, patio covers, window/door replacement, electrical updates, sign installation, sprinkler systems, demolitions, etc.

If the property is located within a Sanitary Improvement District (SID), please have the developer approve the building plans and stamp/sign each copy. If the property is located within a homeowners association, please check with the association for covenant requirements.

For information on the setback requirements for your property, please contact City Hall.

Springfield City Hall
(402) 253-2204

The City of Springfield contracts with the Sarpy County Building Department for inspection services. **For construction, building plan or electrical questions, or to schedule building inspections, please contact:**

Sarpy County Building Department
(402) 593-1555

For utility tap and curb cut questions and inspections, please contact:

Springfield City Hall or City Maintenance Department

I hereby state that the information submitted on this application is accurate and correct. I recognize that the issuance of this building permit shall not grant approval to violate any of the provisions of the building codes or zoning ordinances enforced by this jurisdiction, state or federal law, and that this permit shall not prevent the building official from requiring construction to be in compliance with all applicable code provisions during field inspections. The building permit is issued for the express purpose of work stated on this application and shown on the approved plans. Any changes to the construction plans that affect area or scope of work shall be approved by the building official prior to construction and may require separate permit application.
